

My name is Elizabeth Hadley and I am serving in the US Airforce at Edwards AFB, in the middle of the Mojave Desert, CA. I am from Texas and we have a Christian radio station called KSBJ, which I listened to all the time. When I came out here I was so depressed because I thought that there would not be a Christian radio station that I would be able to pick up all the way out in the desert. Then one of my friends told me about Airl. I was so happy to hear that there was a radio station like KSBJ in my area. This station has done a lot of good things for me. I can not say what it has done for the community because I am not out in the community, but I hear the about the things they do on the air and from my fellow airmen who live in the cities surrounding Edwards. If you were to take Airl off the air, I for one would be heart broken because I would no longer have a station that I liked or that helped me through hard times by playing music that lifted my mood or that has inspired me to be a better person. So please, in light of all the Christians on my base that listen to Airl, do not take Airl off of the air. Thank you for your time and my God bless you and your family
